This research is aimed to find out whether advertising creativity influences consumers purchasing interest. This research was conducted for two months (March and April) 2017 at Campus 1 of Sanata Dharma University, Yogyakarta. The population of this research consists of students of Campus 1 Sanata Dharma University who have never bought and have never drunk YEN YEN Tea before. The sampling technique is nonprobability sampling technique. The data of this research was collected from 100 respondents by filling in the questionnaire. The data validity was tested with Product Moment Correlation technique and the reliability was tested with Cronbach Alpha formula. This research uses Descriptive Analysis as the data analysis technique. From this research, it can be concluded that advertising creativity influences consumers purchasing interest positively.
