

ABSTRAK

Noviana Ice Bili “Hubungan Antara Persepsi Siswa Tentang Kompetensi Guru Fisika Dengan Motivasi Dan Prestasi Belajar Fisika Siswa Kelas XI IPA Sekolah Menengah Atas Di Sumba Barat Daya”. Program Studi Pendidikan Fisika Jurusan Matematika Dan Ilmu Pengetahuan Alam Fakultas Keguruan Dan Ilmu Pendidikan Universitas Sanata Dharma Yogyakarta 2017.

Tujuan penelitian ini untuk mengetahui (1) hubungan antara persepsi siswa SMA kelas XI IPA di Sumba Barat Daya tentang kompetensi guru fisika dengan motivasi belajar fisika siswa, (2) hubungan antara persepsi siswa SMA kelas XI IPA SMA di Sumba Barat Daya tentang kompetensi guru fisika dengan prestasi belajar fisika siswa.

Sampel penelitian ini berjumlah 95 siswa kelas XI IPA dari tiga sekolah yang berbeda. Instrumen yang digunakan adalah kuesioner dan dokumentasi. Analisis data dilakukan dengan menggunakan uji korelasi *Pearson* yang menghasilkan kesimpulan sebagai hasil penelitian.

Hasil penelitian menunjukkan bahwa (1) ada hubungan yang positif dan signifikan antara persepsi siswa SMA kelas XI IPA tentang kompetensi guru terhadap motivasi dan prestasi belajar fisika siswadi Sumba Barat Daya;(2) ada hubungan yang positif dan signifikan antara persepsi siswa SMA kelas XI IPA tentang kompetensi guru terhadap motivasi dan prestasi belajar fisika siswadi Sumba Barat Daya.

Kata kunci: persepsi, kompetensi, motivasi, prestasi

ABSTRACT

Noviana Ice Bili "The Relationship Between Student Perception About The Competence of Physics Teacher With Motivation And Achievement of Physics Students on Class Eleven Science Senior High Schools In Sumba Barat Daya. Physics Education Study Program, Department of Mathematics and Natural Sciences, Faculty of Teacher Training and Education, Sanata Dharma University in Yogyakarta in 2017".

The purposes of this research are (1) to know the relationship between student perceptions about the competence of physics teacher with motivation of physics students on class eleven science of Senior High School in Sumba Barat Daya; (2) to know the relationship between student perception about the competence of physics teacher with achievement of physics students on class eleven science of Senior High School in Sumba Barat Daya.

The sample in this research was 95 students of class eleven science of Senior High Schools from three different schools. Instruments used are questionnaire and documentation. Data analysis was performed used Pearson correlation test that lead to the conclusion as a result of research.

The results showed that (1) there was a significant positive correlation between students perception on physics teachers competency with motivation in learning physics; (2) there was a significant positive correlation between students perception on physics teachers competency with achievement in learning physics.

Keywords: perception, competence, motivation, achievement
