2008

Tujuan penelitian ini:1) untuk mengetahui kemungkinan PT. Iskandar Indah Printing Textile menggunakan system JIT (*Just In Time*) produksi. 2) Menganalisis seberapa besar manfaat ekonomi yang diperoleh PT. Iskandar Indah Printing Textile jika menerapkan sistem JIT (*Just In Time*) produksi.

Jenis penelitian adalah Studi Kasus. Data yang diperoleh dengan melakukan wawancara , observasi, dan dokumentasi. Tehnik analisis data yang dilakukan untuk menjawab permasalahan adalah: 1) Melihat gambaran umum perusahaan dinilai dari poin-poin JIT (*Just In Time*) produksi. 2) Dari gambaran umum perusahaan yang terjadi, lalu dibandingkan dengan JIT (*Just In Time*) produksi.

Hasil penelitian menunjukkan PT. Iskandar Indah Printing Textile belum memenuhi kriteria JIT (*Just In Time*) dalam proses produksinya. Hal itu dikarenakan perusahaan hanya memenuhi enam syarat dari sepuluh syarat sistem JIT. Berdasarkan perhitungan MCE yang diperoleh PT. Iskandar Indah Printing Textile tahun 2006 menunjukkan bahwa masih terdapat aktivitas yang tidak bernilai tambah bagi perusahaan.

ABSTRACT

AN ANALYSIS ON POSSIBILITY OF JIT (JUST IN TIME) APPLICATION IN PRODUCTION A Case Study at PT. Iskandar Indah Printing Textile

The purposes of this research were: 1) to know the possibility of PT. Iskandar Indah Printing in applying JIT (Just In Time) system in its production; 2) to analyze how much the economic benefit that can be obtained by Iskandar Indah Textile Printing if it applies JIT (Just In Time) system in its production.

The type of this research was a case study. The data were acquired by interview, observation, and documentation. The data analysis techniques performed for answering the problems were : 1) observing the general description of the company that was assessed from points of production JIT (Just In Time), 2) from the general description obtained, then it was compared to production JIT (Just In Time).

The Results of the research showed that PT. Iskandar Indah Printing Textile had not fulfilled the criteria of JIT (Just In Time) in its production. It was because that the company only fulfilled six out of ten requirements of JIT system. Based on MCE estimation on PT. Iskandar Indah Printing Textile in 2006, there was production activities that had no added value for the company.
