Penelitian ini bertujuan untuk mengetahui apakah ada perbedaan konsumen terhadap SIM card prabayar Simpati, Mentari, Pro XL dan IM3. Dalam penelitian ini kepuasan konsumen yang dimaksud oleh penulis dibedakan menjadi tiga segi yaitu segi kualitas produk, segi kualitas pelayanan dan harga, setelah itu masing-masing segi kepuasan konsumen diperbandingkan yaitu antara pengguna SIM card prabayar Simpati, Mentari, Pro XL dan IM3 untuk mengetahui perbedaan kepuasan konsumen.

Metode pengumpulan data yang digunakan adalah kuesioner dan dokumentasi. Sampel dalam penelitian ini berjumlah 120 responden yang terdiri dari 30 responden pengguna SIM card prabayar Simpati, 30 responden pengguna SIM card prabayar Mentari, 30 responden pengguna SIM card prabayar Pro XL dan 30 responden pengguna SIM card prabayar IM3. Teknik pengambilan sampel menggunakan teknik *purpose sampling*. Sedangkan teknik analisis yang digunakan adalah uji hipotesis beda dua *mean* yaitu uji Z (*Z test*).

Dari hasil analisis diketahui bahwa 1) Terdapat kepuasan konsumen pengguna SIM card prabayar Simpati, Mentari, Pro XL dan IM3 dari segi kualitas produk yang dapat dilihat dari nilai sebesar  $-337 < Z_{tabel} < +1,96$ . 2) Terdapat kepuasan konsumen pengguna SIM card prabayar Simpati, Mentari, Pro XL dan IM3 dari segi kualitas pelayanan yang dapat dilihat dari nilai sebesar  $-282 < Z_{tabel} < +1,96$ . 3) Terdapat kepuasan konsumen pengguna SIM card prabayar Simpati, Mentari, Pro XL dan IM3 dari segi harga yang dapat dilihat dari nilai sebesar  $-392,5 < Z_{tabel} < +1,96$ .

## **ABSTRACT**

### **THE COMPARATIVE ANALYSIS OF CUSTOMER SATISFACTION TO THE PREPAID SIM CARD PRODUCT A Case Study at Sanata Dharma University's Students, Yogyakarta**
