Penelitian ini bertujuan untuk mengetahui: (1) Profesi kerja yang ditekuni alumni PEK, (2) Posisi jabatan yang dipegang alumni PEK dalam dunia kerja, dan (3) Kompetensi-kompetensi yang diperlukan alumni PEK baik yang sudah maupun yang belum diperoleh selama studi di Prodi PEK untuk menunjang dalam dunia kerja.

Penelitian ini merupakan penelitian studi eksplorasi. Yang menjadi responden dalam penelitian ini adalah alumni-alumni Prodi PEK angkatan 1998 s.d 2000. Jumlah responden awal dalam penelitian ini berjumlah 60 responden, namun 23 responden tidak mengembalikan lagi kuesioner kepada peneliti sehingga yang menjadi sampel dalam penelitian ini berjumlah 37 responden. Teknik pengumpulan data yang digunakan adalah kuesioner dan dokumentasi. Teknik analisis data yang digunakan adalah distribusi frekuensi.

Berdasarkan hasil analisis distribusi frekuensi diketahui bahwa:

1. Dari 37 orang alumni yang menjadi responden dalam penelitian ini, 14 orang alumni (37,84%) berprofesi sebagai Guru SMP atau SMA, 6 orang alumni (16,22%) berprofesi sebagai pegawai swasta, 2 alumni (5,40%) sebagai wiraswasta, 1 orang alumni (2,70%) sebagai guru SD, dan 1 orang alumni lagi (2,70%) berprofesi sebagai guru di lembaga bimbingan belajar, dan 13 orang alumni lainnya (35,14%) belum bekerja.
2. Dari 24 alumni yang sudah bekerja diketahui posisi jabatan yang dipegang alumni di tempat kerja masing-masing. 14 orang alumni (53,84%) sebagai guru bidang studi, 3 alumni (11,53%) sebagai guru kelas, 2 alumni (7,68%) sebagai pemilik usaha. Posisi jabatan sebagai kasir, bagian pemasaran, *representative officer*, *customer service*, asisten manajer, bagian administrasi, dan bidang pengembangan kurikulum juga menjadi tanggung jawab alumni di tempat kerja, masing-masing dengan prosentase 3,85%.
3. Kompetensi-kompetensi yang sudah diperoleh selama studi di Prodi PEK membantu alumni untuk bersaing di dunia kerja. Namun, ada kompetensi-kompetensi yang belum diperoleh selama studi tapi diperlukan dalam dunia kerja. Kompetensi-kompetensi tersebut menurut alumni diantaranya adalah bahasa Inggris aktif, penguasaan komputer dan komputer akuntansi, psikotest, dan olah data statistik.

ABSTRACT

Profession, Position, and Job Competence of the Alumni of Economic Education Study Program Sanata Dharma University

An Exploration Study : the Alumni of Economic Education Study Program Sanata Dharma University, year 1998-2000

The purposes of this research were to find out: (1) the job profession that the alumni of Economic Education had, 2) the position held by the alumni of Economic Education in working field, and (3) the competences needed by the alumni which were obtained or not while studying at Sanata Dharma University to support them in the working field.

This research was an exploration study research. The respondent of this research was the alumni of the Economic Education Study Program of Sanata Dharma University, year 1998 to 2000.

The number of respondents at the beginning of this research was 60 respondents. However, 23 of them did not return the questionnaire to the researcher. Therefore, the sample of this research became 37 respondents. The technique of collecting data was by using questionnaire and documentation. The technique of analyzing data was using frequency distribution.

The results of the research based on the frequency distribution analysis:

1. From 37 alumni, it appeared that 14 of them (37,84%) became junior high school or high school teachers, 6 alumni (16,22%) became private employees, 2 alumni (5,40%) become entrepreneurs, 1 alumnus became elementary school teacher, 1 alumnus (2,70%) became a teacher in study course, and 13 other alumni (35,14%) had not got job yet.
2. From 24 alumni who had already worked, it appeared that the position that they had in their working field was various; 14 alumni (58,33%) were major study teachers, 3 alumni (12,50%) were class teachers, and 2 alumni (8,33%) were business owners. The position as cashier, marketing officer, representative officer, customer service, manager assistant, administration officer, and curriculum development officer became the alumni's responsibility in their working field, with 4,17% percentage each.
3. The competences obtained while studying at Economic Education Program helped the alumni to compete in working field. However, there were some competences they did not get but needed in working field. According to the alumni, those competences were active English lesson, computer and accounting computer mastery, psycho test, and processing statistical data.
