ABSTRAK

Judul skripsi ini adalah **UPAYA MENINGKATKAN KOMUNIKASI ANTARA SUAMI-ISTRI DALAM KELUARGA KRISTIANI ATAS DASAR IMAN DI LINGKUNGAN ANDREAS RASUL, PAROKI KRISTUS RAJA BACIRO, YOGYAKARTA.**

Judul ini dipilih berdasarkan keprihatinan penulis terhadap banyaknya persoalan yang dihadapi oleh pasangan suami-istri di Lingkungan Andreas Rasul seperti: meningkatnya kebutuhan ekonomi, relasi suami-istri yang kurang baik, biaya pendidikan anak yang meningkat, anak harus menghadapi pergaulan jaman sekarang yang serba mencemaskan, komunikasi dengan anak yang kurang baik, tidak memiliki pekerjaan tetap dan maraknya perselingkuhan. Persoalan yang dihadapi oleh suami-istri tersebut adakalanya dapat diselesaikan dengan mudah namun tidak jarang membutuhkan proses yang panjang untuk menyelesaikannya. Persoalan yang mereka hadapi kadangkala bahkan membuat komunikasi antara pribadi suami-istri menjadi tidak efektif dan relasi menjadi tidak baik. Bertitik tolak dari kenyataan ini maka skripsi ini dimaksudkan untuk membantu para pendamping keluarga dalam merancang suatu kegiatan pendampingan bagi pasangan suami-istri Katolik guna meningkatkan komunikasi pribadi suami-istri dalam keluarga mereka.

Persoalan mendasar yang dibahas dalam skripsi ini adalah, bagaimana dapat membantu para suami-istri dalam meningkatkan komunikasi pribadi mereka sebagai pasangan suami-istri, di Lingkungan Andreas Rasul, Paroki Kristus Raja Baciro, Yogyakarta sehingga persoalan komunikasi yang ada dapat diselesaikan dengan membuka hati dan bersedia saling mendengarkan. Untuk memperoleh gambaran tentang komunikasi yang terjadi dalam kehidupan berkeluarga di Lingkungan Andreas Rasul, Paroki Kristus Raja Baciro, Yogyakarta penulis mengadakan wawancara dengan pasangan suami-istri di lingkungan ini. Penulis juga memanfaatkan studi pustaka untuk menambah pengetahuan tentang komunikasi pribadi suami-istri yang seharusnya terjadi dalam keluarga kristiani.

Menjawab persoalan tersebut di atas maka penulis merancang suatu kegiatan pendampingan iman sehari bagi pasangan suami-istri untuk membantu mereka agar semakin siap dalam menghadapi tantangan jaman, membantu memperkembangkan iman mereka dan meningkatkan komunikasi serta relasi pasangan suami-istri ini.

ABSTRACT

The title of this study is **THE EFFORT TO IMPROVE THE COUPLE COMMUNICATION IN CHRISTIAN FAMILY ON THE BASIS OF CHRISTIAN FAITH AG ANDREAS RASUL AREA IN THE PARISH OF KRISTUS RAJA BACHIRO, YOGYAKARTA.**

The writer chose this topic as her study because she concerned on the issue and problem faced by a couple in Andreas Rasul area, the Parish of Kristus Raja Baciro, Yogyakarta such as: the increasing of economic needs, the bad relation of a couple, the increasing of education cost, the interaction of their children in this new era that disturb them, the bad communication between a parent and their children, impermanent job, and dishonest couple. The problem faced by a couple sometimes could be solved easily. However, sometime there were problems faced by a couple could be solved through a long process. Sometime the communication of a couple become ineffective their relation is not going well. Based on this fact, the purpose of this study was to help and assist the family consultant to design the assistance activity for catholic couple in order to improve their private communication in their family.

The issue discussed in this study was what method that could help the wives and husbands to improve their private communication as a couple in Andreas Rasul area, the Parish of Kristus Raja Baciro, Yogyakarta, so the communication problem faced by the couple could be solved by opening their heart and willing to listen and sharing each other. To find out the picture of communication that occurred in the family's life in Andreas Rasul area, the Parish of Kristus Raja Baciro, Yogyakarta, the writer conducted the interview with those couples in that area. The writer also used the literature data to increase the knowledge about couple private communication which was supposed to be occurred in a Christian family.

In this study the writer designed the faith assistance activity for the couple to develop their faith and improve their communication and relation. The writer expected this study will be useful for the other couple consultant or those who concerned on Catholic couple happiness, especially in Andreas Rasul area, the Parish of Kristus Raja Baciro, Yogyakarta. By conducting the faith assistance dey, it was expected that a couple will be able to open their heart and express their feeling to their spouse, and they were able to experience Christ affection in their life.
