## ABSTRAK

Skripsi ini berjudul **“USAHA MENINGKATKAN HIDUP KOMUNITAS SUSTER-SUSTER SANTO PAULUS DARI CHARTRES DI RUMAH SAKIT SUAKA INSAN BANJARMASIN SESUAI PEDOMAN HIDUP SUSTER-SUSTER SANTO PAULUS DARI CHARTRES MELALUI KATEKES MODEL *SHARED CHRISTIAN PRAXIS*”**. Pemilihan judul ini bertitik tolak dari keprihatinan penulis mengenai kehidupan komunitas khususnya di komunitas Rumah Sakit Suaka Insan, yang kurang menghayati cinta kasih persaudaran di dalam komunitas sesuai *Pedoman Hidup* SPC. Hal ini nampak dalam kehidupan harian para suster yang kurang setia pada jadwal komunitas, menghindar dari tanggung jawab di komunitas, mudah membicarakan kesalahan dan kekurangan sesama, serta kurang rendah hati untuk mengampuni sesama. Persoalan pokok yang hendak diungkapkan dalam skripsi ini adalah usaha-usaha apa yang dilakukan para suster komunitas Rumah Sakit Suaka Insan dalam membangun hidup komunitas yang sesuai dengan *Pedoman hidup* SPC serta masalah-masalah apa yang muncul sehubungan dengan usaha yang telah dilakukan tersebut. Untuk menjawab persoalan pokok, penulis menggunakan studi pustaka dan wawancara dengan para suster.

Para suster SPC mempunyai buku *Pedoman Hidup* yang berfungsi untuk mengarahkan hidup serta karya para suster SPC dan menjadi sarana yang berharga dalam melaksanakan cinta kasih Kristiani secara sempurna khususnya dalam hubungan bersama di komunitas. Selain itu *Pedoman Hidup* memuat nilai-nilai hidup bersama yang bila sungguh dihidupi akan membantu para suster untuk mengatasi masalah-masalah yang muncul dalam hidup bersama di komunitas.

Hasil akhir penulis menemukan ide dasar yang menunjukkan bahwa para suster komunitas Rumah Sakit Suaka Insan akan mencapai hidup komunitas yang baik apabila mereka menghidupi semangat hidup bersama yang ada dalam *Pedoman Hidup* SPC. *Pedoman hidup* memuat nilai-nilai hidup komunitas yang menjadi landasan hidup dalam kebersamaan di komunitas. Untuk keperluan ini penulis menawarkan pendalaman *Pedoman Hidup* SPC melalui katekese. Komunikasi terbuka yang dibangun melalui katekese diharapkan akan mampu membantu para suster untuk sharing, berdialog dan menumbuhkan komitmen yang ditandai dengan kegembiraan, karena panggilan Allah yang dialami dalam komunitas. Dengan menimba semangat dasar dalam *Pedoman Hidup* para suster akan hidup saling mencintai dalam komunitas. Bentuk pendalaman *Pedoman Hidup* SPC yang ditawarkan adalah katekese model *Shared Christian Praxis* (SCP) yang merupakan salah satu model katekese umat bersifat dialogis-partisipatif. Katekese model SCP bertujuan membantu para suster SPC komunitas Rumah Sakit Suaka Insan untuk membangun komunitas yang sesuai dengan *Pedoman Hidup* SPC.

## ABSTRACT

The Title of this Thesis is **“THE EFFORT TO IMPROVE THE COMMUNITY LIFE OF THE SISTERS OF SAINT PAUL OF CHARTRES (SPC) IN THE HOSPITAL OF SUAKA INSAN AT BANJARMASIN IN ACCORDANCE WITH THE CONSTITUTION OF THE SISTERS OF SAINT PAUL OF CHARTRES THROUGH THE MODEL OF CATECHISM SHARED CHRISTIAN PRAXIS”**. This title was chosen as a point of departure of the author’s concern towards the community life, particularly in the community of Suaka Insan Hospital, where the sisters live, by which the sisters do not live fully the brotherly love in the community, in accordance with Rules and constitution of the SPC. This is so visible in the daily life of the sisters who are not faithful to the community schedule, trying to avoid the responsibility in the community, prone to speak about the mistakes and weakness of the fellow sisters and there is no virtue of humility to forgive the others. Taking into consideration of this fact, the key issue which is analyzed here in this Thesis is the efforts which can be done by the Sisters in the community of Suaka Insan Hospital to build up a community according to the Rule and constitution of the SPC and to solve the problems which arise in connection with the same effort which has done already. To answer to this main issue, the writer uses applied a literary study book which, personal reflection and an interview with the sisters.

The SPC Sisters have a Life-Guidance functions to direct the life and also the Apostolate of the Sisters of SPC and to become a valuable means in the practice of perfect Christian Charity, particularly of the mutual relationship in the community. Beside that, the Constitution contains the values of Community life if lived devoutly will be helpful for the Sisters to overcome the problems which arise in the community life.

As a result, finally the writer has found out the basic idea which shows that the Community of the Sisters of Suaka Insan Hospital will be able to achieve a good community life, if lived it with a spirit of fraternity and brotherhood which is underlined in the Rule and constitution of the SPC. Because the rule and Constitution, really contains the values of community life which becomes the Foundation of the fraternal life in the community. To achieve this purpose, the writer has offered an effort to deepen the rule and Constitution of the SPC through the Catecheses. An open communication which is established through the proper Catecheses is expected to be able to help the sisters to share, to build dialogue and to foster the commitment which is marked with joy and happiness, because of the call of God which is experienced within the community. The community life which is lived by living the basic spirit which is presented in the rule and Constitution of SPC, will be the basis and purpose for the sisters to live by loving each other in the community. The form of deepening the rule and Constitution of the SPC which is offered here is that the Model of Catecheses called Shared Christian Praxis (SCP) which is one of the model of Catecheses activities of the faithful which characterized by participative dialogue. This Catechetical activity is aimed at to help the Sisters of SPC community in the Suaka Insan Hospital to build up a community which is in accordance with the rule and Constitution of the SPC
