**Keywords :** The Capability of Poetry Analyzing, Sign and Symbol and Structure.

Poetry as a literary work has own unique in diction side, signs which have implicit symbol, and structure that different to prose work. Introducing the literature theory can help in finding the meaning. The meaning of the poetry is found first by concernig sign that has symbol and structutre element. Symbolizing the sign and structure of poetry makes the literary works more meaningful, in other word to become interesting and usefull (*dulce et utile*).

This thesis is reported the result of investigation about students' capability of 3<sup>rd</sup> grade students at SMU Seminari Yohanes Paulus II Seminary Labuan Bajo – Flores in 2002/2003 academic year in analyzing the poetry of "Sajak Burung-burung Kondor". There are two problems that are answered in this research. First, Have the 3<sup>rd</sup> grade students at Seminari Yohanes Paulus II Seminary Labuan Bajo – Flores understood the literature theory as a based in the order to analyze poetry? Second, How far the capability of 3<sup>rd</sup> grade students at Seminari Yohanes Paulus II Seminary Labuan Bajo – Flores in analyzing poetry?

The main purposes of this reseach about the student capability for to describe the 3<sup>rd</sup> grade students at Seminari Yohanes Paulus II Labuan Bajo – Flores in 2002/2003 academic year in mastering the literary work as the basic in poetry analyzing, to describe the level of 3<sup>rd</sup> grade at Seminari Yohanes Paulus II Labuan Bajo – Flores students' capability in poetry analyzing.

The reseach is qualitative research. The data of this reseach is the result of students' composition in analyzing the poetry of "Sajak Burung-burung Kondor". According to this result is found that 3<sup>rd</sup> grade students at Seminari Yohanes Paulus II Seminary Labuan Bajo – Flores are understand about the literature theory as the basic for poetry analyzing. Comprehension of literary work are established by the student analyzing result with concerning the signs not only in one form, one phrase but also one sentence in order to find the symbolic meaning and structure of poetry by using verse and line. Student tends to interest in poetry, which is built with signs and certain structure that have broad meaning inside.

This is found in result of the reseach that 47,82 percent reach into high appreciative degree, 17,39 percent reach into average appreciative degree, and 34,78 percent reach into low appreciative degree. Thus, eleven students from twenty five population members achieve high appreciative degrees in order to show the students capability by poetry analyzing.

Have as a starting point from this research, then three suggestions that probably can raise the students interest toward poetry literary work is choosing the poetry that is built by using the real signs which is closed with students' life, choosing poetry that is built with structure as the coherence element, choosing poetry that is suitable with socio-culture environment of student as raising effort in concerning and analyzing.
