

ABSTRAK

Judul skripsi ini adalah PENGARUH PROGRAM TELEVISI ANAK-ANAK TERHADAP PENDIDIKAN IMAN ANAK USIA SEKOLAH DASAR DI SEKOLAH DASAR KANISIUS NOTOYUDAN YOGYAKARTA. Judul ini dipilih dengan bertitik tolak dari kenyataan bahwa program televisi bisa membawa dampak positif maupun negatif. Bagi anak-anak, acara televisi kadang lebih menarik dari pada acara keagamaan. Di sisi lain informasi yang diterima anak dari menonton televisi dapat memiliki pengaruh negatif jika tidak didampingi orang tuanya. Berdasarkan kenyataan tersebut, maka katekese harus bisa merebut anak-anak dari acara televisi. Selain itu, katekese juga harus mampu menanamkan nilai-nilai kristiani kepada anak agar mereka mempunyai sikap kritis terhadap segala informasi yang mereka terima dari televisi.

Persoalan tersebut dibahas dalam tiga bab dengan menggunakan metode instrumen angket dan studi pustaka. Bab 2 menguraikan tentang tinjauan tentang program televisi anak-anak dan pengaruhnya terhadap pendidikan iman anak. Bab 3 menguraikan hasil penelitian tentang pengaruh program televisi anak terhadap pendidikan iman anak di SD Kanisius Notoyudan Yogyakarta. Bab 4 menguraikan tentang katekese sebagai upaya meningkatkan sikap kritis anak usia sekolah dasar terhadap program televisi anak dalam kaitannya dengan pendidikan iman anak.

Skripsi ini bermaksud untuk memberikan sumbangan pemikiran bagi para katekis supaya dapat menyelenggarakan katekese yang relevan dengan situasi dan kebutuhan peserta, dan bagi orang tua agar menyadari betapa pentingnya pendampingan anak saat menonton televisi.

ABSTRACT

The title of this thesis is The Influence of Kid's television program toward religious education of teenagers in elementary school of Kanisius Notoyudan Yogyakarta. This title has been chosen base from the reality that television program can influence both positively and negatively. For children, television program occasionally more attractive than religious ritual. The other hand, the information that influence to children from the fact of watching television causing negative impact to their life without parent's guidance. From this problem, catechesis take away the attention of children from watching television program. In addition, catechesis also must be able to internalize christian values to children so that they have critical attitude to every information from television program that they were watching.

The problem has been mentioned is divide into three chapters with using questionnaire and library methods. Chapter 2 gives some descriptive about review of kid's television program and the impact to religious education of children. Chapter 3 describe the results of research about the impact kid's television program to religious education of children in Elementary school of Kanisius Notoyudan Yogyakarta. Chapter 4 describe about catechesis as the effort of improving critical attitude of teenagers toward kid's television program related to religious education of children.

This thesis meant to give thinking contribution for catechist in order to give catechesis' program that are relevan to the situation and the need, and in order to the parents realize that what important guiding the children when watching television program.
