

## ABSTRAK

Skripsi ini berjudul *Shared Christian Praxis sebagai Model Katekese Demi Pengembangan Hidup Beriman Umat Lingkungan Paulus Andreas Paroki Administratif Tyas Dalem Gusti Yesus Macanan* yang didasari oleh kesan penulis akan pelaksanaan pendalaman iman yang kurang menarik di lingkungan Paulus Andreas Paroki Administratif Tyas Dalem Gusti Yesus Macanan. Penulis mempunyai kesan bahwa pelaksanaan pendalaman iman di lingkungan kurang melibatkan umat secara aktif. Kenyataan menunjukkan pendalaman iman di lingkungan belum bertolak dari pengalaman hidup sehari-hari umat, kemudian dari segi media yang digunakan oleh pendamping masih terbatas.

Masalah pokok dalam skripsi ini bagaimana membantu umat memperkembangkan hidup beriman umat melalui katekese model SCP. Menanggapi situasi tersebut penulis menggunakan studi pustaka yang bersumber dari dokumen-dokumen Gereja dan pandangan para ahli mengenai katekese model SCP. Di samping itu, untuk memperoleh gambaran pelaksanaan pendalaman iman di lingkungan penulis melakukan penelitian dengan cara pengamatan, penyebaran kuesioner dan wawancara. Hasil penelitian menunjukkan bahwa pelaksanaan pendalaman iman di lingkungan masih memprihatinkan, namun rasa ingin tahu umat akan pendalaman iman model SCP sangatlah besar terutama dalam rangka meningkatkan hidup beriman yang berkualitas.

Maka untuk menindaklanjuti hasil penelitian tersebut, penulis menawarkan pendampingan bagi pendamping pendalaman iman dengan model SCP sebagai usaha untuk meningkatkan kualitas hidup beriman umat. Melalui kegiatan ini diharapkan umat dan juga para pendamping dapat melaksanakan pendalaman iman demi meningkatkan kualitas hidup beriman mereka.

## ABSTRACT

*This thesis is titled **Shared Christian Praxis as a Catechetical Model for the Development of Environmental Believers Life Paulus Andreas District Administrative Tyas Dalem Gusti Yesus Macanan Parish** who is based on the impression that the author will carry out an interesting exploration of faith in Paulus Andreas District Administrative Tyas Dalem Gusti Yesus Macanan Parish. The author has the impression that the implementation of deepening faith in the environment does not actively involve the people. The fact shows the deepening of faith in the environment has not departed from the experience of everyday life of the people, then in terms of the media used by the companion is still limited.*

*The main problem in this thesis is how to help Christian people develop the faithful life of the Christian people through the catechesis of the SCP model. Responding to the situation the author used a literature study sourced from Church documents and expert views on the catechesis of the SCP model. in addition, to obtain an overview of the implementation of deepening the faith in the environment the author conducted research by observing, distributing questionnaires and interviews. The results of the study indicate that the implementation of deepening the faith in the environment is still a concern, but the curiosity of the people for the deepening of the faith of the SCP model is very large, especially in order to improve the lives of quality believers.*

*Then to follow up on the results of the study, the author offers assistance for companions to deepen their faith with the SCP model as an effort to improve the quality of life of faithful.*
