Penelitian pengembangan ini bertujuan untuk menjelaskan prosedur dari pengembangan media pembelajaran audio visual berbasis *Lectora Inspire* sesuai kurikulum 2013 kelas V Sekolah Dasar. Tujuan penelitian ini adalah untuk mengembangkan produk *Lectora Inspire* pada Kurikulum 2013 tema 1 subtema 1 pembelajaran 5 kelas V SD.

Peneliti menggunakan metode penelitian pengembangan (*research and development*) menurut Borg dan Gall. Penelitian pengembangan ini menghasilkan produk media pembelajaran audio visual *Lectora Inspire* melalui 5 tahapan yang dimodifikasi dari 10 langkah, yaitu: (1) analisis kebutuhan untuk menentukan produk yang akan dikembangkan, (2) mengidentifikasi kompetensi inti dan tema, (3) pembahasan program pembelajaran, (4) memproduksi media audio visual *Lectora Inspire* tematik kelas V tema 1 subtema pembelajaran 5 Kurikulum 2013, dan (5) revisi desain media pembelajaran *Lectora Inspire* supaya layak digunakan. Validasi dilakukan oleh ahli pakar media dan guru kelas V Sekolah Dasar. Validasi oleh siswa dilakukan saat uji coba terbatas oleh lima siswa dengan subjek uji coba pengembangan adalah siswa kelas V. Data dikumpulkan berupa hasil penilaian mengenai kualitas produk serta saran untuk merevisi produk.

Hasil pengembangan media pembelajaran audio visual *Lectora Inspire* divalidasi oleh pakar media menunjukan skor rerata 4,7 dengan kategori sangat baik. Validasi oleh guru kelas V menunjukkan skor rerata 4,2 dengan kategori sangat baik. Hasil uji coba terbatas menunjukkan skor rerata 4,39 dengan kategori sangat baik. Kesimpulan dari penelitian pengembangan media berbasis *Lectora Inspire* untuk kelas V tema 1 subtema 1 pembelajaran 5 Sekolah Dasar sudah layak untuk digunakan sebagai media pembelajaran Kurikulum 2013.

**Kata Kunci:** Media pembelajaran, *Lectora Inspire*, kurikulum 2013

**ABSTRACT**

***DEVELOPING LECTORA INSPIRE AS AN AUDIO VISUAL  
LEARNING MEDIA REFER ON CURRICULUM 2013 ON THE LEARNING  
THEME ONE SUB-THEME ONE LEARNING FIVE OF FIFTH GRADE***

*This development research aims to explain the procedures of developing learning media based on Lectora Inspire refer to Curriculum 2013 for fifth grade of Primary School. The research's purpose is to explain how to develop an audio visual learning media based on Lectora Inspire refer to Curriculum 2013 theme 1 subtheme 1 learning 5 for fifth grade.*

*The research's method is research and development method from Borg and Gall. The product of this development is the Lectora Inspire audiovisual learning media through 5 steps that are modified from 10 steps Borg and Gall, those are (1) analyze the needs of the product that are going to be developed, (2) identifying the core competence and theme, (3) the discussion of the learning program, 4) producing the audio visual learning media based on Lectora Inspire refer to 2013 Curriculum for fifth grade theme 1 subtheme 1 learning 5, and (5) revising the Lectora Inspire learning media design so it will worthy to be used. Validation was done by five students of the fifth grade when testing the product as the subject of the research. The data were collected in a form of a result about the product quality and the suggestion to revise the product.*

*The result of the learning media based on Lectora Inspire that was validated by the expert shows the average score 4.5 as a very good category. Validation by the fifth grade teacher shows the average score 4.2 as a very good category. Restricted test result shows the average score 4,39 as a very good category. The conclusion of this development research of an audio visual learning media based on Lectora Inspire refer to Curriculum 2013 for fifth grade theme 1 subtheme 1 learning 1 of Primary School is worthy to be used as a learning media in Curriculum 2013 learning processes.*
