2019

Penelitian ini dilatarbelakangi oleh adanya kebutuhan tambahan referensi pembelajaran berupa bahan ajar untuk menunjang pengetahuan siswa mengenai alat musik tradisional Indonesia di SDN 3 Somopuro. Penelitian ini bertujuan untuk: (1) mengembangkan bahan ajar yang mengacu pada kurikulum SD 2013 subtema 1 Keragaman Budaya Bangsaku, (2) mengetahui kualitas produk bahan ajar terhadap siswa yang mengacu pada kurikulum SD 2013 subtema 1 Keragaman Budaya Bangsaku.

Jenis penelitian ini adalah penelitian dan pengembangan (*reseach & development*). Peneliti melakukan pengembangan materi pembelajaran alat musik tradisional di Indonesia dengan menggunakan lima langkah awal *R&D* menurut *Borg and Gall*, yaitu: (1) analisis kebutuhan, (2) pengembangan produk awal, (3) validasi dan revisi produk awal, (4) uji coba lapangan terbatas, (5) revisi produk akhir.

Hasil penelitian menunjukkan bahwa: (1) pengembangan produk telah dilakukan dengan lima langkah awal *R&D* menurut *Borg and Gall*, (2) hasil validasi ahli (dosen dan guru) atas kualitas produk penelitian ini menunjukkan skor 4,25 “sangat baik” dan 4,28 “sangat baik”, sedangkan hasil uji coba pada 16 siswa menunjukkan skor rata-rata 4,16 “baik”. Secara keseluruhan, kualitas produk ditunjukkan oleh rata-rata 4,23 dengan kategori “sangat baik” dari total nilai keseluruhan 12,69.

Kata Kunci: pengembangan, alat musik, bahan ajar

ABSTRACT

***THE LEARNING MATERIAL DEVELOPMENT OF INDONESIA'S
TRADITIONAL MUSICAL INSTRUMENTS BASED ON
MULTICULTURALISM IN ELEMENTARY SCHOOL CURRICULUM 2013
IN SUBTHEME OF MY NATION CULTURAL DIVERSITY FOR THE
FOURTH GRADE OF ELEMENTARY SCHOOL SEMESTER 1***

This research was conducted because there were some additional needs in learning materials references to support the students' knowledge in traditional musical instruments in Indonesia at 3 Somopuro Elementary School. The purposes of the research were (1) to develop the learning material based on 2013 Elementary Curriculum in subtheme 1 The Culture Variety of My Nation, (2) to discover the learning material product quality toward the students which referred to 2013 Elementary School Curriculum in subtheme 1 The Culture Variety of My Nation.

This was Research and Development. The researcher did the development of traditional musical instruments in Indonesia learning materials by using 5 first steps of Borg and Gall's R&D, namely (1) need analysis, (2) the development of early product, (3) validation and revision of the early product, (4) limited test field, (5) revision the final product.

This research showed that (1) the product development had been done by using the first five steps of Borg and Gall's R&D, (2) the validation result from the experts (the lecturer and the teacher) about the research product quality was 4.25 which meant "very good" and 4.28 which meant "good". Overall, the quality of the product was shown by the average 4.23 which meant "very good" from the total overall score of 12,69.

Key Words: *development, musical instrument, learning material*
