After read thoroughly the article, the background in the research article is in accordance with the reality happened, so it is considered valuable. Besides, the abstract is clear enough, so that by reading it the reader can understand the content in the article. The study is a qualitative research and it is considered to be accordance with the title of the research. The systematic is quite well structured and clear starting from the research title, abstract, introduction, method, finding and discussion, and conclusion. The literature review is also as supporting resources in order to provide the information about the subject and theory being studied. The result and conclusion are consistent thus the article clearly understands. Moreover, it appropriate in answering the problem statement.

Overall, the article is very significant research because in its discussion and content it concerns things or events that represent the things or event in the real life in daily life.

Furthermore, the description is also clear and informative. It is also accompanied by the table and percentage of the findings which can help the reader in analyzing or understanding the content of the article.
