Penerimaan dan beban merupakan aktivitas keuangan yang sering terjadi dan tidak dapat terpisahkan dari kegiatan Paroki. Proses penerimaan dan beban membutuhkan sistem akuntansi yang baik untuk menghindari penyalahgunaan. Penelitian ini bertujuan untuk mengetahui sistem akuntansi penerimaan dan sistem akuntansi beban di Paroki Santo Aloysius Gonzaga Mlati apakah sudah sesuai dengan Buku Akuntansi Penerimaan dan Buku Akuntansi Beban.

Jenis penelitian ini adalah studi kasus dengan obyek penelitian dokumen, catatan, fungsi, jaringan prosedur dan pengendalian internal yang terkait pengelolaan penerimaan dan beban yang ada di Paroki Santo Aloysius Gonzaga Mlati. Teknik pengumpulan data yang dilakukan dalam penelitian ini adalah wawancara, dokumentasi, dan observasi. Langkah yang ditempuh untuk mencapai tujuan penelitian adalah: (1) mendeskripsikan sistem akuntansi penerimaan dan beban, (2) membuat tabel perbandingan dan membandingkan sistem akuntansi penerimaan dan beban yang diterapkan di Paroki dengan kajian teori, dan (3) menganalisis hasil perbandingan sistem akuntansi penerimaan dan beban.

Berdasarkan hasil analisis penelitian, diketahui bahwa sistem akuntansi penerimaan dan beban pada Paroki Santo Aloysius Gonzaga Mlati tidak sesuai dengan Buku Akuntansi Penerimaan dan Buku Akuntansi Beban. Beberapa yang tidak sesuai yaitu dokumen, catatan, dan unsur pengendalian internal yaitu praktik yang sehat.

Kata kunci: evaluasi, sistem akuntansi penerimaan, sistem akuntansi beban

ABSTRACT

EVALUATION ON ACCOUNTING SYSTEM FOR REVENUE AND EXPENSES IN SANTO ALOYSIUS GONZAGA PARISH OF MLATI

Revenue and expenses were financial activities that occur and cannot be separated from Parish activities. The process of revenue and expenses requires a good accounting system to avoid misuse. The aim of this study was to determine whether the accounting system for revenue and accounting system for expenses in the Parish of Santo Aloysius Gonzaga Mlati were appropriate with the Book of Accounting for revenue and Book of Accounting for expenses.

This type of research was a case study with the object of research were documents, notes, functions, network procedures and internal control related to the management of revenue and expenses in the Parish of Santo Aloysius Gonzaga Mlati. The data collection techniques used in this study were interview, documentations, and observation. The steps taken to achieve the research objectives were: (1) describing the accounting system of revenue and expenses, (2) creating a comparison table and comparing the revenue and expenses accounting systems applied in the Parish with theoretical studies, and (3) analyzing the results of the comparison on accounting system for revenue and expenses.

Based on the results of the research analysis, it was known that the accounting system for revenue and expenses in the Parish of Santo Aloysius Gonzaga Mlati was not in accordance with the Book of Accounting for revenue and Book of Accounting for expenses. Further, the conformed part were functions, documents, and internal control.

Keywords: evaluation, revenue accounting system, expense accounting system
