

ABSTRAK

Skripsi ini berjudul **“KATEKESE BERSAMA ANAK TUNARUNGU DENGAN PENDEKATAN VISUAL KOMIK KITAB SUCI DI ASRAMA SLB-B GRAHA MURNI LUHUR JAKARTA”**. Judul ini dipilih karena adanya keprihatinan penulis atas kurangnya pelayanan Gereja terhadap anak tunarungu khususnya yang tinggal di Asrama SLB-B Graha Murni Luhur Jakarta. Sebagai anggota Gereja, mereka berhak mendapatkan pelayanan iman meskipun mereka bisu dan tuli. Mereka masih memiliki perkembangan pada aspek penglihatan. Artinya, mereka dapat didampingi dengan metode lain seperti media visual. Yesus Kristus dapat diwartakan dengan berbagai metode sesuai dengan karakteristik anak. Penulis tertarik pada komik Kitab Suci sebagai media dalam katekese. Komik merupakan media yang dilengkapi dengan gambar dan teks, murah dan sederhana, menarik, lucu, serta menghibur. Media ini dapat membantu pendamping dalam melakukan katekese bersama anak tunarungu. Tujuan penulisan ini untuk mengetahui bagaimana katekese dilakukan dan sejauhmana dampak penggunaan media komik Kitab Suci dalam katekese bersama anak tunarungu di Asrama SLB-B Graha Murni Luhur Jakarta. Untuk itu penulis melakukan observasi agar memperoleh fakta yang akurat. Anak tunarungu belum mendapat pelayanan katekese sesuai karakteristiknya dari pendamping dan Gereja. Selanjutnya, penulis mengadakan katekese menggunakan komik Kitab Suci bersama anak tunarungu di Asrama SLB-B Graha Murni Luhur Jakarta. Setelah itu, penulis melakukan wawancara mendalam dengan tujuh anak tunarungu. Penulis juga melakukan uji kredibilitas dengan metode triangulasi yaitu dengan kuesioner. Hasil penelitian menunjukkan bahwa penggunaan media komik Kitab Suci berdampak pada perasaan, harapan, dan niat peserta. Mereka merasa senang mengikuti kegiatan membaca komik Kitab Suci karena mengajarkan ajaran Tuhan dan hal-hal baik. Mereka berharap agar kegiatan tersebut dapat dilaksanakan kembali. Selain itu, mereka juga berniat untuk tidak berbohong lagi, tidak berantem, tidak boros dengan uang yang diberikan orangtua, dan meminta maaf kepada orangtua dan pembina asrama. Berdasarkan hasil penelitian tersebut penulis menyampaikan rekomendasi agar pendamping secara berkelanjutan menggunakan komik Kitab Suci sebagai media alternatif dalam katekese bersama anak tunarungu.

Kata-kata Kunci: Katekese, anak tunarungu, komik Kitab Suci, alternatif media.

ABSTRACT

This undergraduate thesis entitles "CATECHESIS AMONG DEAF AND MUTE CHILDREN USING VISUAL SCRIPTURES COMIC IN DORMITORY SLB-B GRAHA MURNI LUHUR JAKARTA". This title was chosen because of the writer's concern about the lack of Church services for deaf and mute children, especially those who live in Dormitory SLB-B Graha Murni Luhur Jakarta. As members of the Church, they are entitled to receive faith services even though they are mute and deaf. They still have developments in the aspect of vision. It means that, they can be accompanied by other methods such as visual media. Jesus Christ can be proclaimed by various methods according to characteristics of children. The author is interested in scriptures comic as a medium in catechesis. Comics are media that are equipped with images and text, which are cheap and simple, interesting, funny, and entertaining. This media can assist the boarding supervisor in doing catechesis with deaf and mute children. The purpose of this thesis is to find out how catechesis is carried out and the extent of the impact of the use of the scriptures comic in catechesis among deaf and mute children in Dormitory SLB-B Graha Murni Luhur Jakarta. For this reason, the writer did some observations in order to obtain accurate facts. Children who are deaf and mute have not received catechetical services specifically according to their characteristics from the boarding supervisor and the Church. Then, the writer held a catechesis using the scriptures comic with a deaf and mute children in Dormitory SLB-B Graha Murni Luhur Jakarta. After that, the writer conducted in-depth interviews with seven deaf and mute children. The author also tested the credibility with the triangulation method, namely the questionnaire. The results showed that the use of the scriptures comic had an impact on participants feelings, hopes and intentions. They felt happy to follow the activities of reading scriptures comic because of the teachings of God and good things. They hoped that this activity can be carried out again. In addition, they also intended not to lie anymore, not to fight, not wasteful money given by their parents, and to apologize to parents and boarding supervisors. Based on the results of the study the author submit some recommendations that the supervisors use the scriptures comic continuously as an alternative medium in catechesis among deaf and mute children.
