

ABSTRAK

Penelitian ini berjudul Perkembangan Purwarupa Aplikasi Media Pembelajaran Online Pendidikan Agama Katolik dan Budi Pekerti SMP Kelas VII Materi Peran Keluarga, Sekolah, Gereja dan Masyarakat Bagi Perkembanganku. Penelitian ini bertujuan untuk mengembangkan purwarupa dan mengetahui kelayakan aplikasi media pembelajaran *online* bagi mata pelajaran Pendidikan Agama Katolik dan Budi Pekerti kelas VII untuk materi “Peran Keluarga, Sekolah, Gereja dan Masyarakat Bagi Perkembanganku”. Penelitian ini menggunakan metode *Research and Development (R&D)* dengan lima langkah pengembangan yaitu potensi dan kebutuhan, pengumpulan informasi, desain produk, validasi, dan revisi desain. Produk yang telah dikembangkan kemudian divalidasi oleh empat orang guru, dua ahli media dan dua ahli materi. Hasil validasi kelayakan materi oleh ahli materi menunjukkan nilai rata-rata 84% dengan keterangan “sangat layak”. Hasil validasi kelayakan media oleh ahli media menunjukkan nilai rata-rata 88,54% dengan keterangan “sangat layak”. Hasil validasi kelayakan materi dan media oleh guru menunjukkan nilai rata-rata 82% dengan keterangan “sangat layak”. Penulis juga merevisi beberapa bagian berdasarkan komentar dan saran validator. Hal ini menunjukkan bahwa purwarupa aplikasi media pembelajaran *online* Pendidikan Agama Katolik dan Budi Pekerti kelas VII untuk materi “Peran Keluarga, Sekolah, Gereja dan Masyarakat Bagi Perkembanganku” sangat layak digunakan dengan mengikuti saran dan komentar validator untuk dapat dikembangkan menjadi sebuah aplikasi.

Kata kunci : *R&D*, Media Pembelajaran, Purwarupa Aplikasi Media Pembelajaran *Online*, Pendidikan Agama Katolik dan Budi Pekerti.

ABSTRACT

This research title is Development of an Online Learning Media Application Prototype for Catholic Religious Education of 7th Grade Junior High School with Learning Material "The Role of Family, School, Church, and Society for Self-Development". This research aims to develop prototypes and find out the feasibility of online learning media application for Catholic Religious Education and Grade VII students for the material "The Role of Family, School, Church and Society for My Development". This study was designed by using the Research and Development (R&D) method with five development steps such as potential and needs, information gathering, product design, validation, and design revision. The product has been developed and validated by four teachers, two media experts and two material experts. The results of the material validation by the material experts showed an average value of 84% with the description "very feasible". The results of the validation of the media feasibility by media experts showed an average value of 88.54% with the description "very feasible". The results of the material feasibility validation and media by the teachers showed an average value of 82% with the description "very feasible". The author also revised several parts based on the validators' comments and suggestions. This shows that the prototype of online learning media application for Catholic Religious Education and Class VII character for subject "The Role of Family, School, Church and Society for My Development" is very feasible to be used and could be developed again into an application.

Keywords: *R&D, Media Education, Prototype of Online Learning Media Application, Catholic Religious Education and Characteristics.*
