

ABSTRAK

Judul skripsi ini adalah **PENGEMBANGAN PURWARUPA APLIKASI MEDIA PEMBELAJARAN ONLINE PENDIDIKAN AGAMA KATOLIK DAN BUDI PEKERTI SMP KELAS VII MATERI TUMBUH DAN BERKEMBANG SETURUT TELADAN YESUS**. Skripsi ini bertujuan untuk mengembangkan purwarupa aplikasi media pembelajaran online Pendidikan Agama Katolik dan Budi Pekerti guna membantu guru dan peserta didik dalam proses pembelajaran. Skripsi ini juga bertujuan untuk mengetahui kelayakan dari purwarupa aplikasi media pembelajaran online dari validator. Jenis penelitian ini menggunakan metode penelitian *Research and Development* (R&D) atau penelitian riset dan pengembangan, dengan pembatasan tahap-tahap sesuai kebutuhan penelitian: potensi dan masalah, pengumpulan data dan studi literatur, desain produk, validasi desain, dan revisi desain. Produk yang sudah dikembangkan kemudian divalidasi oleh tiga ahli materi, tiga ahli media dan empat guru Pendidikan Agama Katolik dan Budi Pekerti Sekolah Menengah Pertama (SMP). Hasil validasi purwarupa aplikasi media pembelajaran berdasarkan penilaian ahli media memperoleh nilai rata-rata 86% dengan kategori “sangat layak”. Hasil validasi penilaian dari ahli materi memperoleh nilai rata-rata 85.58 % dengan kategori “sangat layak”. Hasil validasi penilaian dari Guru PAK memperoleh nilai rata-rata 85% dengan kategori “sangat layak”. Hal ini menunjukkan bahwa purwarupa aplikasi media pembelajaran *online* Pendidikan Agama Katolik dan Budi Pekerti SMP kelas VII materi “Tumbuh dan Berkembang Seturut Teladan Yesus” sangat layak digunakan dan dapat dikembangkan menjadi sebuah produk aplikasi.

ABSTRACT

*This thesis is entitled **THE DEVELOPMENT OF ONLINE MEDIA LEARNING APPLICATION PROTOTYPE FOR CATHOLIC RELIGIOUS EDUCATION AND CHARACTERISTIC JUNIOR HIGH SCHOOL VIITH GRADE ON LEARNING MATERIAL GROW AND DEVELOP BY JESUS' EXAMPLE**. This thesis aims to develop prototypes of online learning media applications for Catholic Religious Education and Characteristic to help teachers and students in the learning process. This thesis also aims to determine the feasibility of an online learning media application prototype from the validators. This type of research uses Research and Development (R&D) research with limitation of stages according to research needs: potential and problems, data collection and study literature, product design, design validation, and design revision. The product that was developed then validated by three material experts, three media experts, and four Junior High School Catholic Religious Education and Characteristic teachers. The validation results of the learning media application prototype based on the assessment of media experts obtained an average score of 86% with the category "very feasible". The validation results of the assessment from the material experts obtained an average rating of 85.58% in the "very feasible" category. The results of the validation of the assessment of the School Catholic Religious Education and Characteristic teachers scored an average of 85% in the "very feasible" category. These results show that the online learning media application prototype for Catholic Religious Education and Characteristic VIIth grade learning material "Grow and Develop by Jesus' Example" is very feasible to use and can be developed into an application product.*
