ABSTRACT

Kasih, Vella Ardhea Ghanieyu. 2020. " *Public Figure Speaking Politeness in the Indonesia Lawyers Club (ILC) on TV One January - February 2019 Edition.*" Essay. Yogyakarta: PBSI, FKIP, Sanata Dharma University.

This study analyzes the politeness of public figures in the Indonesia Lawyers Club (ILC) program on TV One January - February 2019 edition. The first research objective is to describe forms of politeness of public figures in the January - February 2019 edition of the Indonesia Lawyers Club (ILC). Second, describe the characteristics of politeness in speaking at public figures in the January - February 2019 edition of the Indonesia Lawyers Club (ILC). Third, describe the intentions conveyed by public figures when speaking at the Indonesia Lawyers Club (ILC) edition. January - February 2019.

This type of research is qualitative documentative. Sources of data are obtained from the documentary shows of the Indonesia Lawyers Club (ILC) program and data in the form of utterances that are suspected to contain elements of politeness. The data collection technique used the documentary method and the advanced technique observing method, namely the note-taking technique. Data analysis was performed by identifying data, classifying data, interpreting data, and reporting data.

The results showed that utterances were obeying the maxim of wisdom, maxim of generosity, maxim of praise, maxim of humility, and maxim of sympathy. Besides, there were characteristics of politeness that were manifested by developing an attitude of angon rasa, adu rasa, empan papan, and using words that contain politeness. There were several purposes contained in the speech, namely the intention to maintain feelings, invite, give appreciation, approve, express sympathy, and give recognition.

Keywords: language politeness, politeness form, politeness characteristic, speech meaning
