

ABSTRAK

Judul skripsi **DESKRIPSI PELAKSANAAN TANGGUNG JAWAB KELUARGA KRISTIANI TERHADAP PENDIDIKAN IMAN ANAK DI WILAYAH KOTA UTARA PAROKI SANTO YOHANES RASUL WONOGIRI** dipilih berdasarkan kesan penulis bahwa pelaksanaan tanggung jawab keluarga Kristiani terhadap pendidikan iman anak masih dirasa kurang. Padahal keluarga merupakan sekolah yang pertama dan utama bagi perkembangan iman anak. Keprihatinan lain yang dialami oleh keluarga-keluarga Kristiani dalam melaksanakan tanggung jawab mereka yakni kurangnya waktu bersama dengan anak karena kesibukan dalam bekerja, sehingga anak kurang mendapatkan perhatian dari mereka. Maka keluarga Kristiani di Wilayah Kota Utara perlu meningkatkan tanggung jawab mereka dalam mendidik iman anak-anaknya. Sebagian besar orang tua terlalu mempercayakan pendidikan iman anak kepada pihak lain misalnya sekolah dan Gereja. Persoalan pokok pada skripsi ini adalah bagaimana keluarga Kristiani dapat melaksanakan tanggung jawab mereka dalam mendidik iman anak-anaknya. Dalam rangka menanggapi permasalahan pokok tersebut, penulis melakukan penelitian dengan metode observasi dan wawancara terhadap orang tua, anak-anak dan pengurus wilayah. Dengan begitu penulis mendapatkan gambaran pelaksanaan tanggung jawab keluarga Kristiani terhadap pendidikan iman anak di Wilayah Kota Utara. Hasil penelitian menunjukkan bahwa pelaksanaan tanggung jawab keluarga Kristiani terhadap pendidikan iman anak masih perlu ditingkatkan lagi. Hal tersebut dilihat dari keterlibatan orang tua maupun anak-anak dalam kegiatan menggereja yang masih sangat kurang.

Kata-kata Kunci: Tanggung jawab, pendidikan iman anak, tanggung jawab keluarga kristiani terhadap pendidikan iman anak.

ABSTRACT

*The title of the thesis **DESCRIPTION OF THE IMPLEMENTATION OF CHRISTIAN FAMILY RESPONSIBILITIES RESPONSIBILITY FOR CHILDREN'S FAITH EDUCATION IN THE NORTH CITY REGION OF SANTO YOHANES RASUL WONOGIRI'S** chosen based on the author's impression that the implementation of Christian family responsibilities towards children's faith education is still lacking. Whereas the family is the first and foremost school for the development of children's faith. Another concern experienced by Christian families in carrying out their responsibilities is the lack of time with children due to busy work, so that children receive less attention from them. So Christian families in the Northern City Region need to increase their responsibility in educating their children in the faith. Most parents rely too much on their children's faith education to other parties, such as schools and churches. The main issue in this thesis is how Christian families can carry out their responsibilities in educating their children's faith. In order to respond to these main problems, the authors conducted research using observation and interviews with parents, children and district administrators. In this way, the author gets an overview of the implementation of Christian family responsibilities towards children's faith education in the North City Region. The results of the study indicate that the implementation of Christian family responsibilities towards children's faith education still needs to be improved. This can be seen from the involvement of parents and children in church activities which are still very lacking.*
