

ABSTRAK

Keuskupan Purwokerto mengidealkan komunitas Gereja Kerajaan Allah yang menjadi gerak bersama seluruh umat di Keuskupan Purwokerto. Setiap paroki, termasuk PKKR mengolah visi tersebut agar menjadi makin konkret sesuai dengan keadaan dan kebutuhan umat setempat. PKKR ingin membangun komunitas yang kudus, mandiri, dewasa, dinamis, berkembang dalam persaudaraan sejati dan menjadi terang dan garam dunia. Perkembangan itu diusahakan dengan pertemuan APP sebagai saat PKKR bertemu dalam komunitas kecil Lingkungan. APP sesuai dengan usaha PKKR dalam menghadirkan komunitas yang ber-*communio* secara internal maupun eksternal. APP memang dimaksudkan untuk menjadikan Gereja sebagai komunitas menghayati identitas dan perutusan membangun pribadi-pribadi dan juga masyarakat.

Dalam penelitian, ternyata maksud APP yang memang selaras dengan visi komunitas PKKR belum sepenuhnya ditangkap dan dihayati oleh umat PKKR. Segi eksternal komunitas belum menjadi gambaran nyata PKKR. Pertemuan APP belum sepenuhnya membantu PKKR membangun identitas komunitasnya. Untuk semakin efektif dan efisien dalam menghadirkan komunitas yang ideal menurut PKKR, perlu ada beberapa langkah pastoral dalam perjalanan PKKR. Dengan beberapa langkah itu, diharapkan, APP mampu menjadi sebuah usaha PKKR membangun komunitas yang kudus, mandiri, dewasa, dinamis, berkembang dalam persaudaraan sejati serta menjadi terang dan garam masyarakat.
