Kata kunci: maksud, wacana, takarir

ABSTRACT

Putra, Yohanes Afdayan Pradikha. 2022. "Meanings and Types of Discourse on Coffee Shop Ads Captions on Instagram". Thesis. Yogyakarta: Indonesian Literature Study Program, Faculty of Letters, Sanata Dharma University.

This thesis discusses the analysis of the intent and types of captions for coffee shop advertisements on Instagram. The purpose of this study is (i) to describe the purpose of the utterance in the coffee shop ad caption (ii) to describe the type of discourse on the coffee shop ad caption on Instagram.

The object of this research is the speech in the caption discourse. This research was conducted through three stages, namely the data collection stage, the data analysis stage, and the data presentation stage. Research data obtained through written sources. The data collection stage was carried out by the referencing method. The data analysis phase was carried out using the pragmatic equivalent method. The method of presenting data in this study uses the method of presentation according to the rules of using verbal language.

This study found four purposes of the coffee shop ad caption discourse on Instagram. The four purposes are (i) the purpose of giving advice, (ii) conveying information, (iii) the purpose of persuading/offering, (iv) the purpose of attracting attention, and (v) the purpose of appealing. Then, this research finds three types of discourse, namely (i) hortatory discourse, (ii) informative discourse, (iii) persuasive discourse.

Keywords: meaning, discourse, caption
