Kata Kunci: Novel, Kajian Struktural, Unsur Intrinsik, Nilai Moral

ABSTRACT

Prabowo, R.A. (2022). **Intrinsic Elements and Moral Values in Gina S.Noer's Rudy Novel: Structural Studies**. Thesis. Yogyakarta: Indonesian Language and Literature Education, Department of Language and Arts Education, Faculty of Teacher Training and Education, Sanata Dharma University

Literary work is a human imaginative work that is born from a reflection of human life itself. This can be seen from the problems outlined in literary works based on problems that exist in the real world, namely human and human problems and life and life. This study discusses the intrinsic elements and moral values in novel literature, which aims to (1) describe the intrinsic elements and (2) describe the moral values contained in the novel.

This research is a qualitative descriptive study with a structural study based on Nurgiantoro's theory. The research data source is the novel Rudy by Gina S. Noer. Research data in the form of text quotes in the novel Rudy by Gina S. Noer. The data collection technique was carried out using library techniques through the listening method. Data analysis using content analysis techniques (content analysis).

In this study, based on the results of the analysis and discussion, the researchers found three important things. First, the researcher found 104 findings of intrinsic element data and 30 findings of moral value data in Gina S.Noer's novel Rudy. Second, there are six intrinsic elements found by the researcher in the novel Rudy by Gina S. Noer including: theme, plot, characters and characterizations, setting, point of view and message. Third, the moral values found by the researcher in the novel Rudy by Gina S. Noer are five, including: courage, wisdom, determination, kinship, brotherhood.

Keywords: Novel, Structural Studies, Intrinsic Elements, Moral Values
