*This research is based on the need to use picture story books about local wisdom in mappi. The local wisdom of traditional dance in Papua is the yosspan dance. The purpose of this research is to develop a picture story book "Basic Movement of Yospan Dance" as a learning medium for SBdP class IV theme 1 subtheme 1 learning 2.*

*The product development process is carried out using the ADDIE method, which consists of analysis, design, development, implementation, and evaluation. However, in this study, only four stages were used, namely analysis, design, development, and evaluation.*

*The results of the validation study showed that the average score of the picture story book "Basic Movement of Yospan Dance" was 3.76 (from a score range of 1-4) which means very good. So it can be concluded that the picture story book developed by the researcher can be tested.*
