Skripsi ini berjudul “**PENGHAYATAN UMAT TERHADAP KEBIASAAN DOA BERSAMA KELUARGA DI LINGKUNGAN ST. ALFONSUS LENDAH, PAROKI ST. MARIA MATER DEI BONO HARJO, YOGYAKARTA**”. Skripsi ini ditulis berdasarkan keingintahuan penulis mengenai penghayatan umat terhadap kebiasaan doa bersama keluarga di Lingkungan St. Alfonsus Lendah. Penulisan skripsi ini bertujuan untuk mengetahui pemahaman umat mengenai doa, gambaran penghayatan doa yang sudah dilakukan, dan hal-hal yang menjadi pendukung sekaligus penghambat umat dalam menghayati doa bersama di tengah keluarga. Untuk mengkaji tujuan tersebut, penulis melakukan penelitian melalui wawancara terhadap umat di Lingkungan St. Alfonsus Lendah mengenai penghayatan umat terhadap kebiasaan doa bersama keluarga. Dari hasil penelitian, diperoleh hasil bahwa umat di Lingkungan St. Alfonsus Lendah sudah menghayati doa dengan melakukan praktik-praktik doa di tengah keluarga. Di samping itu, umat di Lingkungan St. Alfonsus Lendah menyadari hal-hal yang mendukung dan menghambat kebiasaan doa bersama sebagai usaha menghayati doa. Dengan adanya penelitian ini, umat di Lingkungan St. Alfonsus Lendah diharapkan semakin memahami dan menghayati kebiasaan doa bersama di tengah keluarga.

This thesis is entitled "PEOPLE'S APPRECIATION OF THE HABIT OF PRAYING WITH FAMILY IN THE ST. ALFONSUS LENDAH, PARISH OF ST. MARIA MATER DEI BONO HARJO, YOGYAKARTA". This thesis was written based on the author's curiosity about the people's appreciation of the habit of praying with family in the St. Alfonsus Lendah Neighborhood. The purpose of writing this thesis is to find out the understanding of the people regarding prayer, an overview of the appreciation of prayers that have been carried out, and things that are both supporters and hinders the people in living prayer together in the family. To examine this goal, the author conducted research through interviews with people in the St. Alfonsus Lendah Neighborhood regarding the people's appreciation of the habit of praying with their families. From the results of the research, the results were obtained that the people in the St. Alfonsus Lendah Neighborhood have lived prayer by practicing prayer in the middle of the family. In addition, the people in the St. Alfonsus Lendah Neighborhood are aware of things that support and hinder the habit of praying together as an effort to live prayer. With this research, the people in St. Alfonsus Lendah Neighborhood are expected to understand and appreciate the habit of praying together in the family.
