The purpose of this study was to determine the accountability and transparency in financial management of the Catholic Church of St. John the Apostle Pringwulung Yogyakarta. Applying accountability and transparency to the church was able to create useful and relevant financial information in looking at extent to which the church is in financial management.

This research used a qualitative method with a descriptive approach. This research data was collected through interviews and documentation. This research conducted interviews with church managers who were responsible for the management of the Catholic Church of St. John the Apostle Pringwulung Yogyakarta.

The results of this study indicated that church financial management had been carried out with accountability and transparency. However, some efforts were needed to improve the implementation of accountability and transparency in the financial management of the Catholic Church of St. John the Apostle Pringwulung Yogyakarta.
