Judul skripsi dipilih penulis dilatarbelakangi oleh keprihatinan penulis terhadap anggapan umat katolik di lingkungan Bintang Timur Stasi Yohanes Rasul Paroki Santo Paulus Kaubun, Kalimantan Timur, bahwa doa rosario hanyalah sekedar doa bersama untuk umat selepas kerja selama satu minggu. Pandangan ini menunjukkan bahwa umat Lingkungan Bintang Timur belum memahami makna yang terdapat dalam doa rosario. Berdasarkan hal tersebut, penulis ingin menggali pemahaman umat katolik di lingkungan Bintang Timur tentang makna doa rosario dan upaya yang dapat dilakukan untuk membantu umat dalam memahami makna doa rosario. Penulis melaksanakan penelitian dengan wawancara yang mendalam. Wawancara dilakukan untuk memperoleh data yang valid tentang pemahaman umat dan upaya umat. Hasil penelitian menunjukkan bahwa umat Lingkungan Bintang Timur memiliki pemahaman bahwa doa rosario adalah bentuk doa katolik yang kaya akan makna dan menjadi sarana vital mempererat relasi Allah dengan manusia. Doa rosario juga dipahami sebagai permenungan peristiwa kehidupan Yesus melalui perantaraan Bunda Maria. Bagi umat Lingkungan Bintang Timur makna doa rosario adalah untuk membangun persaudaraan umat di lingkungan Bintang Timur, dan menjadi wadah untuk umat saling berbagi, saling menolong, dan semakin meningkatkan semangat berdoa umat. Upaya yang dilakukan agar umat semakin memaknai doa rosario adalah membangun komunikasi yang baik satu sama lain, dan saling mengajak dan mengingatkan agar semua umat aktif terlibat dalam doa rosario bersama. Selain itu upaya yang bisa dilakukan adalah memberikan pengetahuan-pengetahuan kepada umat mengenai makna yang terdapat dalam doa rosario.

The author chose this title due to his concern about the perception of Catholics in the Bintang Timur neighborhood of St. John the Apostle Parish of Saint Paul Kaubun, East Kalimantan, that the rosary prayer is merely a communal prayer after a week's work. This view indicates that the congregation in the Bintang Timur neighborhood does not yet understand the meaning of the rosary prayer. Based on this, the author wants to explore the understanding of Catholics in the Bintang Timur neighborhood about the meaning of the rosary prayer and the efforts that can be made to help them understand the meaning of the rosary prayer. The author conducted research through in-depth interviews. Interviews were conducted to obtain valid data about the congregation's understanding and efforts. The results of the study indicate that the congregation in the Bintang Timur neighborhood has an understanding that the rosary prayer is a form of Catholic prayer that is rich in meaning and is a vital means of strengthening the relationship between God and humanity. The rosary prayer is also understood as a reflection on the events of Jesus' life through the intercession of the Virgin Mary. For the congregation in the Bintang Timur neighborhood, the meaning of the rosary prayer is to build brotherhood among the congregation in the Bintang Timur neighborhood, and to become a forum for the congregation to share, help each other, and further enhance the congregation's spirit of prayer. Efforts to enhance the meaning of the rosary prayer include fostering good communication with one another, encouraging and reminding everyone to actively participate in praying the rosary together. Furthermore, efforts can be made to educate the congregation about the meaning of the rosary.
