Pelayanan pastoral merupakan bagian penting dari misi Gereja dalam menanggapi dinamika kehidupan umat beriman, khususnya bagi orang muda Katolik yang merupakan bagian dari masa kini dan masa depan Gereja. Penelitian ini bertujuan untuk mendeskripsikan kegiatan pastoral bagi orang muda Katolik di Stasi Sri Waylangsep Paroki St. Petrus Kalirejo. Penelitian ini menggunakan metode kualitatif dengan pendekatan deskriptif. Data dikumpulkan melalui observasi dan wawancara terhadap para informan yang terdiri dari orang muda Katolik, Pastor Paroki, dan pengurus stasi (seksi kepemudaan). Hasil penelitian menunjukkan bahwa kegiatan pastoral di Stasi Sri Waylangsep dilaksanakan melalui kegiatan pastoral yang pokok yaitu pendalaman iman (sembayangan). Kegiatan-kegiatan tersebut membantu orang muda memperdalam semangat pelayanan, serta memperkuat rasa kebersamaan dalam Gereja. Namun demikian, ditemukan pula bahwa keterlibatan orang muda masih perlu ditingkatkan, terutama karena faktor kesibukan, kejenuhan, dan kurangnya inovasi kegiatan. Penelitian ini menegaskan pentingnya pendekatan pastoral yang kreatif, dialogis, dan kontekstual agar Gereja semakin hadir dan relevan bagi kehidupan kaum muda masa kini.

Pastoral ministry is an important part of the church's mission in responding to the dynamics of the lives of the faithful, especially for young Catholics who are part of the present and future of the Church. This study aims to describe pastoral activities for young Catholics at Sri Waylangsep Station, St. Petrus Kalirejo Parish. This study uses a qualitative method with a descriptive approach. Data were collected through observation and interviews with informants consisting of young Catholics, the parish priest, and station administrators (youth section). The results of the study show that pastoral activities at the Sri Waylangsep Station are carried out through basic pastoral activities, namely deepening faith (prayer). These activities help young people deepen their spirit of service and strengthen their sense of community within the Church. However, it was also found that the involvement of young people still needs to be improved, mainly due to factors such as busyness, boredom, and a lack of innovation in activities. This study emphasizes the importance of a creative, dialogical, and contextual pastoral approach so that the Church to be more present and relevant to the lives of today's youth.
