

**ABSTRAK**

**KORELASI ANTARA PANDANGAN SISWA SMA  
TERHADAP PROFESIONALITAS GURU DENGAN PRESTASI  
SISWA DALAM BELAJAR FISIKA DI TIMOR LESTE**

Martinha da Costa Pereira Neto

Universitas Sanata Dharma

2013

Penelitian ini bertujuan untuk mengetahui (1) pandangan siswa SMA di Timor Leste tentang profesionalitas guru, (2) prestasi siswa dalam belajar fisika di Timor Leste dan, (3) apakah ada korelasi antara pandangan siswa SMA terhadap profesionalitas guru dengan prestasi siswa dalam belajar fisika.

Subyek penelitian terdiri dari siswa/I SMAK Hati Kudus Yesus, SMAK Kolese St. Yoseph, SMAK St. Madalena De Canossa, SMAK Cristal dan SMAN 4 De Setembro di Timor Leste. Jumlah siswa dalam sampel penelitian ini sebanyak 423 siswa. Instrumen penelitian yang digunakan adalah lembar kuesioner, dokumentasi nilai rapor fisika cawu I dan wawancara. Data dianalisis dengan menggunakan korelasi Pearson pada program SPSS 17 dengan taraf signifikansi 0.05. Bila  $p < \alpha \rightarrow$  Signifikan.

Hasil penelitian menunjukkan bahwa (1) sebagian besar siswa SMA di Timor Leste memiliki pandangan yang positif terhadap profesionalitas guru fisika; (2) sebagian besar prestasi belajar fisika siswa SMA di Timor Leste adalah baik; (3) korelasi tidak signifikan antara pandangan siswa SMA terhadap profesionalitas guru dengan prestasi siswa dalam belajar fisika.

**ABSTRACT**

**CORRELATION BETWEEN IDEA OF STUDENTS OF SENIOR HIGH SCHOOL ABOUT THE TEACHERS PROFESSIONALISM WITH STUDENTS' ACHIEVEMENT WITHIN LEARNING PHYSICS IN TIMOR LESTE**

Martinha da Costa Pereira Neto

Sanata Dharma University

2013

The purpose of this research is to find out: (1) the idea of students of senior high school about the teachers professionalism in Timor Leste, (2) the students' achievement in learning physics in Timor Leste and, (3) whether there was correlation between idea of students of senior high school about the teachers professionalism and students' achievement in Physics learning.

Subjects of this research consisted of students of SMAK Hati Kudus Yesus, SMAK Kolese St. Yoseph, SMAK St. Madalena De Canossa, SMAK Cristal and SMAN 4 De Setembro in Timor Leste. Sample of this research were 423 students. Instrument of this research was questionnaires, value of physics first quarterly documentation and interviews. The data was analyzed using Pearson correlation on program SPSS 17 with significant level 0.05. If  $p < \alpha \rightarrow$  Significant.

The results of research shows that (1) most of the senior high school students in Timor Leste have a positive idea to the professionalism of physics teachers; (2) most of the physics students achievement of Senior High School in Timor Leste are good; (3) there was no significant correlation between the idea of students of senior high school about the teachers professionalism with students' achievement within learning physics in Timor Leste.
