

ABSTRAK

HUBUNGAN PERSEPSI SISWA TERHADAP PERILAKU GURU SESUAI KOMPETENSI INTI-2 DAN NILAI AFEKTIF DI SMP N 2 PAKEM

Subana Setyawan

Universitas Sanata Dharma

2016

Tujuan dari penelitian ini adalah untuk mengetahui guru berperilaku sesuai kompetensi inti-2 dan mendeskripsikan hubungan persepsi siswa terhadap perilaku guru sesuai kompetensi inti-2 dengan hasil belajar afektif pada mata pelajaran IPS kelas VIII di SMPN 2 Pakem.

Penelitian ini menggunakan metode analisis deskriptif dengan metode tendensi sentral yaitu *mean*, *median*, *modus*. Sampel dalam penelitian ini adalah siswa kelas VIII di SMPN 2 Pakem yang berjumlah 94 dengan teknik *purposive sampling*. Teknik pengumpulan data pada penelitian ini menggunakan teknik kuesioner.

Hasil penelitian menunjukkan sebagai berikut: guru berperilaku sesuai dengan kompetensi inti-2 dan persepsi siswa terhadap perilaku guru sesuai dengan kompetensi inti-2 sebagai berikut (1) rata-rata frekuensi aspek jujur untuk jawaban “jujur” 46%, “sering” 27%, “kadang-kadang” 20% dan “tidak pernah” 7%, (2) rata-rata frekuensi aspek disiplin untuk jawaban “selalu” 53%, “sering” 28%, “kadang-kadang” 17% dan “tidak pernah” 1%, (3) rata-rata frekuensi aspek tanggung jawab untuk jawaban “selalu” 50%, “sering” 30%, “kadang-kadang” 18% dan “tidak pernah” 2%, (4) rata-rata frekuensi aspek toleransi untuk jawaban “selalu” 32%, “sering” 38%, “kadang-kadang” 23% dan “tidak pernah” 7%, (5) rata-rata frekuensi aspek gotong royong untuk jawaban “selalu” 49%, “sering” 33%, “kadang-kadang” 17% dan “tidak pernah” 2%, (6) rata-rata frekuensi aspek sopan santun untuk jawaban “selalu” 66%, “sering” 27%, “kadang-kadang” 7% dan “tidak pernah” 0%, dan (7) rata-rata frekuensi aspek percaya diri untuk jawaban “selalu” 54%, “sering” 34%, “kadang-kadang” 12% dan “tidak pernah” 1%.

ABSTRACT

THE CORRELATION BETWEEN STUDENT'S PERCEPTION TOWARD THE ATTITUDE OF TEACHERS ACCORDANCE WITH THE 2nd CORE COMPETENCE AND THE AFFECTIVE SCORES IN SMP N 2 PAKEM

Subana Setyawan

Sanata Dharma University

2016

This research aim is to find out whether there is a relationship between student's perception toward the attitude of teacher according to the 2nd competence core and describe the affective scores of Social Science subject on the 2nd grade of SMP N 2 Pakem.

This research uses descriptive analysis method with central tendencial method mean, median, mode. The samples of this research were 94 students of 2nd grade SMP N 2 Pakem. The samples were taken by purposive sampling technique. The data were collected by using questionnaire technique.

The result of the research shows that: the teacher behaves according with the 2nd core competence and student's perception to the attitude of teacher according to: (1) the average frequency of honest aspect for the answer "always" is 46%, "often" is 27%, "sometimes" is 20% and "never" is 7%, (2) the average frequency of discipline aspect for the answer "always" is 53%, "often" is 28%, "sometimes" is 17% and "never" is 1%, (3) the average frequency of responsible aspect for the answer "always" is 50%, "often" is 30%, "sometimes" is 18% and "never" is 2%, (4) the average frequency of tolerance aspect for the answer "always" is 32%, "often" is 38%, "sometimes" is 23% and "never" is 7%, (5) the average frequency of mutual cooperation aspect for the answer "always" is 49%, "often" is 33%, "sometimes" is 17% and "never" is 2%, (6) the average frequency of manners aspect for the answer "always" is 66%, "often" is 27%, "sometimes" is 7% and "never" is 0%, and (7) the average frequency of confidence aspect for the answer "always" is 54%, "often" is 34%, "sometimes" is 12% and "never" is 1%.
