

ABSTRAK

Judul skripsi **SUMBANGAN KATEKESE UMAT DALAM RANGKA MENINGKATKAN PENGHAYATAN IMAN UMAT LINGKUNGAN SANTO YUSUF, BERUT, WILAYAH SANTA MARTA, SUMBER, PAROKI SANTA MARIA LOURDES, SUMBER, MAGELANG, JAWA TENGAH MELALUI *SHARED CHRISTIAN PRACTICE***. Skripsi ini memiliki latar belakang bahwa dalam kehidupan umat kurang mampu menghayati iman khususnya bagi orang dewasa dan orang tua. Masih banyak umat yang kurang memahami imannya dan menerapkannya dalam hidup. Umat kurang mampu mendalami pengalamannya menjadi bermakna. Persoalan pokok pada skripsi ini adalah iman setiap umat sebaiknya selalu dikembangkan. Akan tetapi pada kenyataannya umat yang berusia dewasa dan tua kurang mendapat perhatian dari Gereja. Oleh sebab itu untuk mendalami persoalan yang dihadapi umat, penulis melakukan penyebaran kuesioner dan studi pustaka yang bersumber dari Kitab Suci, dokumen-dokumen Gereja, dan pandangan para ahli.

Katekese umat merupakan proses sharing pengalaman iman yang mampu meneguhkan iman umat. Melalui katekese, umat diharapkan terbantu untuk mendalami pesan Kitab Suci berdasarkan pengalaman hidup. Sedangkan keberhasilan katekese umat membutuhkan kerjasama antara umat sebagai peserta dan pendamping. Dalam proses katekese umat, melibatkan beberapa unsur yaitu sharing pengalaman iman, pendalaman pesan Kitab Suci, menerapkan iman Kristiani dalam kehidupan dan doa bersama. Tetapi umat belum memanfaatkan peluang yang ada, banyak umat belum terlibat dalam proses katekese umat. Di usia dewasa dan usia tua mereka menghadapi banyak tantangan dan persoalan hidup, oleh karena itu kehadiran katekese umat sangat membantu dan mempengaruhi penghayatan iman supaya umat memiliki iman yang kuat dalam menghadapi kehidupan. Salah satu model katekese umat yang dapat membantu umat meningkatkan penghayatan iman adalah model *Shared Christian Praxis*. Model *SCP* menekankan dialog dan partisipasi supaya mendorong umat untuk mengungkapkan visi dan misi hidup dengan Visi dan Misi Kristiani, sehingga umat mampu untuk mewujudkan nilai-nilai Kerajaan Allah.

Penulis dalam skripsi ini mengusulkan katekese umat model *SCP* untuk membantu umat meningkatkan penghayatan iman. Umat diharapkan terbantu dalam mendalami pengalamannya berdasarkan wahyu Tuhan sehingga umat dapat mengembangkan dan mendalami imannya melalui tindakan nyata dalam hidup. Adapun tema umum yang diangkat adalah “Membangun Kebersamaan dalam Meningkatkan Penghayatan Iman”. Tujuannya adalah bersama pendamping, peserta diajak untuk menyadari dan memahami pentingnya arti kebersamaan dalam meningkatkan penghayatan iman sehingga peserta dapat bersama-sama membangun kebersamaan dalam hidup berkomunitas dan melibatkan diri dalam kegiatan menggereja.

ABSTRACT

The title of this thesis is THE CONTRIBUTION OF COMMUNITY CATECHESIS TO IMPROVE THE FAITHFUL'S FAITH IN SAINT JOSEPH DISTRICT, BERUT, SANTA MARTA REGION, SUMBER, SANTA MARIA LOURDES PARISH, SUMBER, MAGELANG, CENTRAL JAVA THROUGH *SHARED CHRISTIAN PRACTICE*. The background of this thesis is based on the fact that christian elderly could not live their faith in their life. Many people do not understand their own and can not apply it in their life. People could not make their life experiences more meaningful. The key issue of this thesis is to develop lifelong faith formation of every people. But in reality christian elderly do not receive attention from Church. There, to explore the problem, the author spread questionnaires, do literature study from Bible, Church documents, and from experts point of view.

Community catechesis is a process of sharing experiences of people of faith that is meant to confirm the faith of the people. Through people catechesis, is expected to help the faithful's deepen the message of the Bible based on their life experiences. On the other hand, community catechesis can be successful there is cooperation among people as participants and chaperones. In the process of community catechesis, it involves several elements by sharing faith experience, by deepening the message of Bible, by applying christian faith in life and praying together. But many people have not yet used the advantages. Many people have not been involved in the process of community catechesis. Adult and elderly faced many challenges and life problem, therefore the presence of community catechesis really help and influence faithful's faith, so that they can have strong faith for their life. One model of community catechesis that can help people to develop faith formation the *Shared Christian Practice* model. *SCP* model emphasize dialogue and participation in order encourage people to express the vision and mission on their life with Vision and Mission Christian so that people were able to actualize meaning God's Kingdom.

The writer in this paper proposes a model community catechesis *SCP* to help people improve the appreciation of faith. People are expected to gain help in deepening the experience of life based on the revelation of God so that people can develop and deepen their faith through concrete action in life. The theme raised is to "Building Fellowship to Develop Faithful's Faith". The goal of this theme is together with the chaperones, participants are invited to realize and understand the important of being together to develop faithful's faith so that they can build fellowship in their own community and participate into Church activities.
