

## ABSTRAK

Judul skripsi ini adalah “PENGARUH PERAYAAN EKARISTI TERHADAP KETERLIBATAN UMAT DALAM HIDUP MENGGEREJA DI STASI PUSAT PAROKI SALIB SUCI NANGA TEBIDAH KALIMANTAN BARAT”. Judul ini dipilih berdasarkan pengamatan dan permasalahan yang penulis temukan mengenai umat yang ada di Stasi Pusat Paroki Salib Suci. Sejauh ini umat kurang memahami dan menyadari dalam mengikuti Perayaan Ekaristi. Ekaristi yang mereka rayakan sangat berpengaruh terhadap keterlibatan dalam hidup menggereja dan melalui Ekaristi mereka mampu merasakan kehadiran Yesus sang sumber cinta kasih.

Mengikuti Perayaan Ekaristi maupun terlibat dalam kegiatan di gereja merupakan hal yang sangat penting bagi mereka untuk perkembangan hidup sebagai umat katolik. Melalui Ekaristi Yesus hadir sebagai sumber cinta kasih yang memberi semangat dan motivasi yang akhirnya mereka semakin sadar untuk mengikuti Perayaan Ekaristi dan terlibat dalam hidup menggereja.

Persoalan dalam skripsi ini yaitu bagaimana umat memahami dan sadar akan pentingnya Perayaan Ekaristi, bagaimana caranya supaya umat mau ikut terlibat aktif dalam berbagai kegiatan yang ada. Untuk mengkaji permasalahan ini maka penulis melakukan penelitian. Penelitian yang digunakan adalah penelitian kualitatif dengan mewawancarai anggota DPP dan ketua lingkungan dengan *purposive sampel*. Dari hasil penelitian ditemukan bahwa Perayaan Ekaristi yang umat rayakan berpengaruh terhadap keterlibatan dalam kegiatan di gereja.

Oleh sebab itu, maka penulis mengusulkan program model SCP sebagai salah satu wadah untuk membantu umat memahami Perayaan Ekaristi melalui sharing pengalaman masing-masing dan meningkatkan keterlibatan umat di Stasi Pusat Paroki Salib Suci. Melalui usulan program ini, diharapkan umat semakin memahami dan sadar akan pentingnya merayakan Perayaan Ekaristi sehingga memberi pengaruh akan keterlibatan umat di gereja sebagai hidup menggereja.

### **ABSTRACT**

The title of this undergraduate thesis is “THE INFLUENCE OF THE EUCHARIST TO WARDS THE INVOLVEMENT OF THE PEOPLE IN THE LIFE IN OF THE CHURCH IN CENTER REGION OF THE HOLY CROSS PARISH NANGA TEBIDAH WEST KALIMANTAN”. The title was chosen based on observation and issues that the author found about people who are in the parish of Holy Cross Center of Region. So far the people are less understanding and realized in following the celebration of the Eucharist as far as where the Eucharist is very influential with the involvement in the life of the Church, and through the Eucharist they are able to feel the presence of Jesus the source of love.

Following the celebration of the Eucharist as well as engaging in activities in the Church is very important to them for the development of life as Catholics. Through the Eucharist Jesus is present as a source of love that gives spirit and motivation that ultimately they are increasingly aware to follow the celebration of the Eucharist and is involved in Church.

The issue in this undergraduate thesis is how people understand and are aware of the importance of the Eucharist, how people want to get involved actively in various activities. To examine this problem the author did some research. The study used qualitative research by interviewing the members of the DPP and the Chairman of the region with the *purposive sample*. From the results of the study the author found that the faithful who celebrate the Eucharist have effect on their engagement in activities in the Church.

Therefore, the author makes a proposal for a programme of Shared Christian Praxis to help people to understand the Eucharist through sharing the experiences of each catechesis and to increase the involvement of the people of Center Region in the parish of the Holy Cross. Through this programme, it is expected to increasingly understand and being aware of the importance of celebrating the Eucharist as well as their involvement in the Church.
